Parent Sign-Up Guide

Signing up for an Edmodo Parent Account is a great way to stay up to date about your child's classroom activity, such as assignments, grades, and school events.

Once you create a Parent Account, there is never a need to create a new account. You will use the same account year after year. As your child joins new classes/groups, your account will be updated to reflect these changes.

How to Sign up as a Parent

1. Obtain the unique 6-digit Parent Code from your child's account (Note: this is *not* the same as your child's Group Code).

   • Each child has a different Parent Code. Find your child's unique Parent Code in these ways:

     - Have your child log into his/her Student Account and scroll down on the homepage. The Parent Code is located at the bottom of the left panel.

     - Alternatively, your child's teacher can provide you with your unique Parent Code.

2. Go to www.edmodo.com on a web browser (Note: you cannot create a Parent Account on the Edmodo mobile app).

3. Click the "I'm a Parent" button and fill in the required information.

Add Multiple Children to Your One Parent Account

1. Log into your existing Parent Account at www.edmodo.com.

2. Click "Add a Student" at the top of the page.

3. Enter the unique Parent Code for your additional child.

What Can You See on Your Parent Account?

• Visit this link for detailed information about what you will see on your account: http://tiny.cc/parentview.

• To access all Parent Account resources in the Help Center, go to support.edmodo.com and click "I'm a Parent" in the left panel.
