

Nittany Lions Read/Nittany Lions Count

P.A.W.S. Project

(Providing Assistance With Schoolwork)

The **P.A.W.S. (Providing Assistance With Schoolwork) Project** is a Nittany Lions Read/Nittany Lions Count Program dedicated to offering homework help and support to the children and families of the surrounding communities. The P.A.W.S. Project employs eligible and qualified Penn State students to engage remotely with children in third through eighth grade to provide individualized homework support in the areas of literacy, mathematics, science, and social studies.

Utilizing Zoom, program staff will review the child's homework assignments, assessing and strategizing with the child in order to establish a manageable approach to the child's homework success. Throughout the engagement, program staff seek to determine areas of both strength and need and encourage/assist the child to not only complete their assignments, but also to more fully comprehend the topics or concepts. This program is offered to families free of charge.
