To: Sophomore and Junior Students, Parents, and Guardians
From: Mr. Travis R. Lee, High School Principal
Re: 2022 PSAT Testing
Date: October 14, 2022

Sophomore and Junior Students and Families,

On October 25, 2022 all 10th grade students will be taking the PSATs during school at no cost. Students will be receiving a practice test booklet to browse through before test day. Attached is a link that provides some good information about taking the PSATs.

This opportunity is also open to any 11th grade student who would like to take the PSATs, however; there will be a fee of \$18.00 for juniors. Payment can be made with cash or check (made payable to HASD). If any junior would like to take the PSATs they can stop by the Guidance Office to sign up by October 20th and to pick up a Practice Test booklet. Payments will be accepted until the day of the test.

Informational Link:

<https://www.collegedata.com/resources/prepare-and-apply/reasons-to-take-the-psat>

The PSATs are not only an important measure for college readiness and scholarship opportunities, but qualifying scores may also serve as evidence toward the state's Act 158 graduation requirements.

Please stop in to the guidance office with any questions.

Sincerely,

HAHS Guidance Office and Administration
