

# *HUNTINGDON AREA SCHOOL DISTRICT*

## *Southside Elementary*

Theresa L. Montgomery, Principal  
10906 Station Rd Huntingdon, PA 16652  
814-627-1100

Dear Parents/Guardians:

For the week starting on **Sunday, March 28, 2021**, the Southside Elementary administration and nurse have been informed of the following staff members or learners that had tested positive for Covid-19:

- **March 28 - April 2, 2021: Zero (0) positive cases**

In the event of a positive case, and in collaboration with the Department of Health, contact investigating would be completed by the administration and nursing staff throughout the day upon notification of the positive test results. At this time no cases or close contacts were identified.

As per the Pennsylvania Department of Education website, a “close contact” is defined as individuals who have been exposed (within 6 feet distance for at least 15 consecutive minutes) to someone who has been infected by the virus and it is unknown if the close contact will go on to develop Covid-19.

The Huntingdon Area School District administration has been and will continue to be in communication with the Department of Health (DOH). The administration will monitor all situations regarding Covid-19 and will keep parents/guardians informed.

Thank you for your attention to this matter. We greatly appreciate the support of all of our families during this time of COVID 19.

Sincerely,

Theresa L. Montgomery
