

PREPARING OUR STUDENTS FOR SUCCESS:

Pennsylvania's New High School
Graduation Requirements

Patricia A. Wargo
April, 2011

Graduation Requirements

School district graduation policies must *at least* include:

Graduation Policy Phases

PHASE ONE: Students graduating in 2015 and 2016 must demonstrate proficiency in:

- English Composition
- Literature
- Algebra I
- Biology

PHASE TWO: Students graduating in 2017 and beyond must demonstrate proficiency in:

- Both English Composition and Literature
- Two of three Mathematics (Algebra I, Algebra II, or Geometry)
- One of two Sciences (Biology or Chemistry)
- One of three Social Studies (American History, Civics and Government or World History)

Keystone Exams

A district may choose to administer a state-developed Keystone Exam in core subjects that would serve as the final exam and count for at least 33% of the course grade.

Beginning with the graduating class of 2015, Keystone Exams are:

- Administered at the end of the course
- Counted for at least 1/3 of the overall course grade
- Available for students to retake either in their entirety or just a portion (module) 3 times during the year: winter, spring, and summer

Alignment to Standards

- Keystone Exams align with Pennsylvania's Standards Aligned System (SAS) and the Common Core State Standards
- The Keystone Exams are simply a new assessment tool for Pennsylvania school districts
- Test questions for the Keystone Exams in English and Math will be guided by Eligible Content on the Standards Aligned System website (www.pdesas.org)

What's Happening When: Fall 2010

Field Testing:

- Field testing of Algebra I, Biology, and Literature Keystone Exams
- The exams will be made available to mostly high school students and some middle school students in participating school districts

Course	Field Test
Algebra I, Biology, Literature	Fall 2010

What's Happening When: Spring 2011

Field Testing:

- Field testing of Algebra II, Geometry, and English Composition Keystone Exams

Course	Field Test
Algebra II, Geometry, English Composition	Spring 2011

Operational Administration:

- Operational administration of Algebra I, Biology, and Literature begins

Course	Operational
Algebra I, Biology, Literature	Spring 2011

What's Happening When: Spring 2011

Operational and Field Test Exam Schedule

SPRING 2011 Keystone Exam Testing Schedule (Operational and Field Test)										
KEYSTONE EXAMS	Traditional 10-month Schedule					Block Schedule				
	ONLINE Test Dates	Paper/ Pencil Test Dates	Paper/ Pencil Materials Return Date	Make-Up Test Dates	Make-Up Materials Return Date	ONLINE Test Dates	Paper/ Pencil Test Dates	Paper/ Pencil Materials Return Date	Make-Up Test Dates	Make-Up Materials Return Date
Literature (operational)	May 2-6, 2011	May 2-3, 2011	May 4, 2011	May 6 & 9, 2011	May 10, 2011	May 9-13, 2011	May 9-10, 2011	May 11, 2011	May 13 & 16, 2011	May 17, 2011

What's Happening When: Five-Year Implementation Plan

Course	Field Test	Available For All Schools
Algebra I, Biology, Literature	Fall 2010	Spring 2011
Algebra II, Geometry, English Composition	Spring 2011	Winter 2011-2012
U.S. History	Fall 2012	Spring 2013
Chemistry, Civics and Government, World History	Spring 2015	TBD

Test Format

Keystone Exam Questions:

- Includes multiple-choice questions and constructed-response, or open-ended questions.
- Algebra I and Biology: 60%-75% of the total score from multiple-choice questions and; 25%-40% of the total score from constructed-response questions
- English Composition: 20% of the total score will come from multiple-choice, and 80% from constructed-response questions

Keystone Exam Scoring:

- Each correct multiple-choice question is worth one point
- Partial credit could be given on constructed-response questions, depending on the rubric

Keystone Exam Format:

- Online and paper/pencil formats available for all Keystone Exams
- Each district will individually determine if online, paper/pencil or both formats will be used
- Each exam will take approximately 2 to 2.5 hours to complete

100-Point Scale

Each Keystone Exam is graded on a 100-point scale. The chart below shows the points associated with each performance level.

Performance Level	Points
Below Basic	0
Basic	50-69
Proficient	70-89
Advanced	90-100

Retesting

Students can take the Keystone Exam up to 3 times per school year.

- Students who don't score 'proficient' can retake the entire test or just the module they didn't pass
- Retesting scoring will be based on the highest module scores, so it is in the best interest of the student to retake the entire Keystone Exam
- If a student has not achieved proficiency after 2 attempts, he/she can complete a project-based alternative to demonstrate his/her knowledge in the subject matter

Project-Based Assessment

A student who does not achieve proficiency on a Keystone Exam after 2 attempts will be eligible to complete a project-based assessment.

Projects will be:

- Aligned with Keystone Exam modules
- Developed by the department and administered by school staff
- Scored by regional panels of educators

Stand-Alone Requirement

Some districts may choose to require proficiency on a Keystone Exam as a stand-alone graduation requirement.

This allows:

- District discretion on how to weigh the assessment in course grading – meaning that the 33 % weight is not required.
- Districts to be deemed approved for validation requirements in a content area without having to undergo a local validation process.

Graduation Requirements Resources

Visit the new Graduation Requirements section of the SAS website for updated information, resources, and events: www.pdesas.org/Assessment/Graduation

The screenshot shows the SAS website interface. At the top, there's a header with the Pennsylvania Department of Education logo, the SAS logo, and navigation links like 'Welcome, Guest', 'Login', 'Teacher Tools', 'Home', and 'Help'. Below this is a search bar and a navigation menu with tabs for 'Clear Standards', 'Fair Assessments', 'Curriculum Framework', 'Instruction', 'Materials & Resources', and 'Interventions'. The 'Fair Assessments' tab is selected, and within it, the 'Graduation Requirements' sub-tab is active. The main content area features a grid of links: 'Overview', 'Communication Tools & Resources', 'Implementation Timeline', and 'Updates & Events Calendar'. Below this is a section titled 'PENNSYLVANIA GRADUATION REQUIREMENTS' with a sub-header 'Pennsylvania's New Graduation Requirements'. This section includes an icon of a graduate and a paragraph explaining the new requirements, mentioning that they will help guarantee that a Pennsylvania diploma reflects the skills and knowledge needed for college and the workplace. It also mentions that resources will be available through the SAS site to guide planning and implementation. At the bottom of the screenshot, there are two boxes: 'News and Announcements' with a link to join a December 5-8, 2010 event, and 'Contact Us' with an email address for more information.
