Assistant Principal

"ALL LEARNERS, ALL FUTURES"

April 24, 2019

Dear Parents and Guardians,

The HAHS Active Intruder Drill scheduled for April has been CANCELLED due to unforeseen circumstances.

We appreciate the efforts and cooperation by all involved in the planning process for this drill, including the Pennsylvania State Police, Huntingdon Borough Police, and school staff.

It is important to note that the grade level safety trainings held for High School learners were productive, and will benefit learners should they ever encounter an emergency in the school or community setting.

Though this training is cancelled for the current school year, we will be looking to reschedule during the 2019-2020 school year, along with a continued review and practice of overall safety protocols and preventative measures.

Thank you for your understanding.

Travis R. Lee,
HAHS Principal
