“ALL LEARNERS, ALL FUTURES”

To: Students, Parents, and Guardians
From: Mr. Travis R. Lee, High School Principal
Re: HAHS Summer School Update
Date: May 18, 2022

Greetings Students, Parents, and Guardians,

This memo provides information about this year's enhanced summer school program. We know that the past two school years have presented challenges, so summer school opportunities are being provided in a more strategic manner to help learners acquire the course credits that are needed to promote grade level promotion and to remain on track for satisfying graduation requirements. Though courses will still utilize an online format, we believe that providing structure to take the courses at HAHS with additional support will be a great benefit to our learners and help them make-up any lost ground during the school year. This was very helpful during the 2021 summer school session.

Please carefully review the following pages of this memo for the overview of summer school expectations. Pay special attention to session dates and times and registration deadlines. There will be a quick turnaround time from when final grades are posted on June 2 to the registration deadline for the first summer session on June 10. The school will be proactive in contacting students ahead of final grades when possible. However, students and families may begin to reach out now if they anticipate needing a summer school course.

If you have any questions, please contact the high school office at (814)643-1080.

Sincerely,

Travis R. Lee,
HAHS Principal
