“ALL LEARNERS, ALL FUTURES”

To: Grade 9 Students and Families
From: Mr. Travis R. Lee, High School Principal
Re: HCCTC Field Trip
Date: October 31, 2022

Greetings Students, Parents, and Guardians,

Grade 9 HAHS students will be attending a field trip to the Huntingdon County Career and Technology Center (HCCTC) next Tuesday, November 8, 2022. The trip will take place during the school day so students will be able to use their regular morning and afternoon transportation to and from HAHS.

Students will get to visit each of the twelve programs at the HCCTC to see the variety of options offered. Learners will also be treated to lunch at the HCCTC. This trip is important so that they get exposure to the programs before the 2022-2023 scheduling process begins in late winter/early spring.

Seeing the programs offered by the HCCTC will be a positive experience, even for those that may not plan to attend the HCCTC in the future and regardless of career pursuits. This visit will provide students a chance to see various possible opportunities for them. In addition, for learners seeking post-secondary education, the HCCTC has articulation agreements with various higher education institutions that can provide credits for dual-enrollment upon completion of the programs.

Please note that applications to the HCCTC will be provided via an online format this year, and the process will begin in January, prior to the official scheduling process at HAHS. Information about applications will be shared in the future.

We hope that your student enjoys their field trip next week and will be able to use the information provided as a guide with scheduling future courses and considering career pursuits.

Sincerely,

Travis R. Lee,
HAHS Principal
