

Huntingdon Area School District
2400 Cassady Avenue, Suite 2 · Huntingdon, PA 16652
Phone: 814-643-4140

Dear Parent or Guardian,

The Huntingdon Area School District needs your help with communication. **Our system requires at least one email address for each parent or guardian.**

First, the district uses Skyalerts to send messages via calls, texts, and email alerts. We are updating the family email contacts to ensure you receive district information. While phone and text are great for short messages, email is for longer messages.

Second, we are implementing a new transportation application that requires a valid email address to access transportation information and receive notifications about your child's transportation. We cannot implement this until we have email addresses.

To get a sneak peek of the app, check out this video:

<https://www.mytransfinder.com/mytf/videos/NF-StopfinderAppBaseFeatures.mp4>

If you do not have an email address, we suggest you create a **free Gmail account** at gmail.com.

Everyone must use the QR code below to collect information quickly and simply by Friday, February 14th. We will not share this information; it is just for district communication. The district will collect the following data: the child's First Name, the Child's Last Name, the Guardian's First Name, the Guardian's Last Name, and the Guardian's Email address.

If you have further questions or needs, please contact the transportation secretary, Delta States, directly at (814) 641-2126

Thank you,

Jennifer Mitchell
